Re: Condolences to the Maduot Family

Dear Maduot Family,

The Executive Committee wanted to write all of you together to let you know how saddened we are to hear of Uncle Dr. Toby Maduot's passing. We know this has brought nothing but sadness to all of you, and we hope you know that there are so many people around who want to help.

Dr. Toby Maduot was a visionary who was committed to the betterment of his people. He cared about his contribution to making Sudan better, caring for his community, and loving his family as a committed husband, father, grandfather, uncle and he will be sorely missed.

We know each of you is mourning independently, but we hope you will also rely on one another to get you through this. No one knew Dr. Toby better, so sharing stories and memories with each other can only help. It might be painful at first, but once you start laughing about his sense of humor and the time you spent with him, we hope you'll realize that you're starting to feel a little better.

We will gladly do our best to step in for Uncle Toby in any capacity, if you'll let us, or we can help in any other way. Please, please do not hesitate to call if you need anything.

Warm Regards,

Natalina Bona Malwal
President on Behalf of
TSSC Executive Committee
