H.E . Gen. Salva Kiir Mayardit

President of the Government of Southern Sudan,

Your Excellency,

## RE: PAYMENT OF THE OUTSTANDING DUES FOR MAIZE/DURA SUPPLIESTO THOSE UNDER ARREST WARRANT

The national Referendum, the last plank in completing the CPA process, is barely three months away. The private sector/business community, which this organization represents, is anxious to contribute meaningfully to the process. But they are handicapped by the non-payment of the above dues.

Moreover, a number of the members are also in jails as a result of the non-payment to the maize/Dura bill.

Your Excellency, the outstanding accounts should be paid to the suppliers to enables them contribute to the just course for the people of Southern Sudan and also free some of our members who are held in jails. The business community, through the Chamber of Commerce, commits itself to contribute to the fleet of the Referendum campaign.

The effort from the ministry for Finance and Economic Planning making in reducing the outstanding balances from their original levels is appreciated, but further reduction, along the lines we have suggested, should be a practical step towards empowering our members to be part of the Referendum process and for some to get freedom from jails. The Referendum is a make or break affair for us all.

Should this proposal be supported and implemented, you can be assured that it will:-

- Inject back the lost liquidity into the business community
- Return our member businesses to their normal operational levels

We shall, Your Excellency, Sir, await your response with optimism.

Yours Faithfully,

Benjamin Bol Mel

Chairman, Southern Sudan Chamber of Commerce, Industry and Agriculture.
